

Custer Telephone Wireless Service Monthly Plans

-  Home Coverage Area
Toll Free to Any (208)
Area Code. \$0.05 to Number
in Continental U.S.
-  Extended Coverage Area
\$0.10 Toll

Please Note: Custer Telephone Wireless bills in full minute increments. Each partial minute of air time is rounded up and billed as a full minute. Rounding applies to all air time minutes including, but not limited to, promotional and non-promotional minutes and offerings. Air time charges apply from the time you press send to the time you press end on completed calls. In addition, you may be charged for calls which are not completed, but ring longer than 59 seconds. Custer Telephone Wireless reserves the right to terminate services to customers that are determined to be economically unfeasible to serve.
